May 25th, 26th, and 27th are days we will be conducting live fire training in an acquired structure. This is a rare and excellent opportunity for any and all council and fire board members who desire to get a hands on experience with active fire in a residence! Please let me know as soon as possible if you desire to attend and/or participate!

FDIC – The department participated in the largest Fire Instructors Conference in the world the week of April the 18th. Our reserve engine assisted with apparatus placement class for 2 days, Our new quint was on display for all to view at the exhibition, and Chief Crafton and I instructed heavy vehicle extrication hands on training for 2 days as well. Most all of our department took advantage of the free passes we received to the conference and took in several hours of training each!
